

Prior to 11:59 pm May 30, 2013:

ECFS is not working. It hangs up- the pleading cover form does not appear. The blue arc next to \“submit a filing” above is the progress indicator, which simply kept spinning for minutes, with no form appearing up to the end of May 30.

I thus timely submitted the filing\* by email to FCC staff involved in this docket, 13-85. I will upload this page, along with said email, onto ECFS along with the filing, once ECFS is operational and the cover form appears and allows that.
